

## Dry Cell "Slip Away"

Visit "[Slip Away](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Day  
Day of reflection  
And day  
A life of rejection  
Slip away  
Sometimes I need to  
Slip away  
Want you  
Say  
Say that you'll help me  
Say  
Please don't you let me  
Slip away  
Sometimes I need to  
Slip away

Are you  
So far gone  
Every time it starts I try to slip away  
So far gone  
Every time it starts

Finally when I'm at my end  
Something inside is gonna break you. stand up  
Nothing's like it was before  
I so wish I could just pretend  
Something inside is gonna break you. stand up  
But there is nothing left to adore

Time  
To be remembered  
After time  
Something I'll never  
I find  
Whatever I do  
Defy  
Do you  
Take  
World that I live in  
And take  
I'll never give in  
Slip away

Whatever I do  
Slip away  
Love you

So far gone  
Every time it starts I try to slip away  
So far gone  
Every time it starts

And finally when I'm at my end  
Something inside is gonna break you. stand up  
Nothing's like it was before  
I so wish I could just pretend  
Something inside is gonna break you. stand up  
But there is nothing left to adore  
Something inside is gonna break you. stand up  
Something inside is gonna make you. stand up  
Something inside is gonna break you. stand up  
Something inside is gonna make you. stand up  
Something inside is gonna break you. stand up  
Something inside is gonna make you. go

I don't understand this world that we are living in  
People give you things so they can take them back  
again  
I don't want to be part of history  
I just want my life to be the way that it should be  
Every now and then I find a way to slip away  
'cause every now and then there's only so much I can  
take  
If I find a way I would leave today

Way  
Day of reflection  
Home  
Life of rejection  
I don't know if I can find my  
Way  
Say that you help me  
Home  
Please don't you let me  
Though it's hard sometimes I still try  
Way  
Day of reflection  
Home  
Life of rejection  
I don't know if I can find my way home
