If not for suffering
I would have nothing
Still u stand tall
No guilt or doubt
You just dont get it
Your so pathetic
It wasnt hard to figure out
You Lied to me, and change us all

After all
That we go thru we die alone
But we're not willing
Your trying to be
Everything to everyone
But u just lie to me

Im feeling nothing
I should feel something
You force your shame upon my own
A Tempory Revision
Its my decision
That you should stay here all alone
You lied to me, and sold our souls

After all
That we go thru we die alone
But we're not willing
Your trying to be
Everything to everyone
You just to lie me

A Lie believe in
Failed to reason
To fall to pieces
Its controlling everything
Its controlling everything
A lie believed in
Failed to reason
To fall to peices
Its controlling everything

After all

That we go thru we die alone
But we're not willing
Your trying to be
Everything to everyone
You just lie to me

To Fall To Pieces
You just lie to me
To Fall To Pieces
You just lie to me
