Well I was Broken, beaten  
Bruised up bad  
Fed up, angry, ticked off  
Bitter kinda man  
Then I found me  
This great new plan  
With an island  
And a one-night stand  
My tequila Senorita  
Gonna make me  
A brand new man

Hey  
When you let me take you home  
I never thought I'd find me  
Fallin' for you  
It happened kinda quickly  
So fast, so what, no fear  
You saved me from  
A double shot of hurtin'  
In here

Well I won't stop  
Head rock, somethin'  
Really wrong with me  
Maybe it's a  
Love struck, plain dumb disbelief  
'Cause after everything  
She'd done to me  
Now you got me caught in a dream  
I don't know how you done this  
You made me believe

Hey  
When you let me take you home  
I never thought I'd find me  
Fallin' for you  
It happened kinda quickly  
So fast, so what, no fear  
You saved me from  
A double shot of hurtin'

In here

'Cause after her  
I felt I'd be  
Better off alone  
And pillow talk  
I thought  
Would be done  
Over the phone  
Oh yeah  
I fought so hard  
To avoid these things  
I'm startin' to feel

But when you  
Let me take you home  
I knew I'd finally find me  
Fallin' for you  
It happened kinda quickly  
So fast, so what, no fear  
Hey you saved me from  
A double shot of hurtin' '  
In here

Gonna open up  
Gonna find myself  
Gonna take a chance  
Gonna take a chance

Gonna take a chance  
And get drunk on yer love  
Gonna take a chance  
Gonna take a chance  
And get drunk on yer love
