Little girl of mine  
You're growin' up is through  
And in this dance  
This is my last chance  
To say these words to you  
I always knew this day would come  
Since the day you were born  
N' I apologize  
For these teary eyes  
That's not what we're here for  
I've never been an open man  
That you already know  
So on this day  
That I give you away  
Here's my gift to you

I wish you  
All of the happiness  
One could ever have  
And a world of deep passions  
Your old man never had  
Still I owe you the world  
For not givin' up on me  
'Cause I'm just proud  
I could still be around  
On your special day

Oh little girl of mine  
I guess you're on your way  
But the love you have  
Can't replace your dad's  
Until my dying day  
There's one more thing that I want you to know  
Before this dance is through  
I worked me life just to see this night  
And give my heart to you

I wish you  
All of the happiness  
One could ever have  
And a world of deep passions

Your old man never had  
Still I owe you the world  
For not givin' up on me  
'Cause I'm just proud  
I could still be around  
On your special day

'Cause I was the man  
That was holdin' your hand  
Until your special day
