The actions misleading
And leave it further still it's hopeless
And pointless
The words have no meaning
And unlike all the rest
Its something i dont mind

And i...
And i remember falling victim again

On pins and on needles
Im walking in circles
And giving it all away unwilling
Can you tell?
Ungrateful
And nervous
And I remember falling victim again

The laughter starts to fade...
Cannot let this get in my head
and I feel the pain wont let me forget
And I...
And I

And I feel the pain wont let me forget
And I remember falling victim again
And I
Cannot let this get in my head
And I...
And I the last chance

One more try
And goodbyes
Final straws
The laughter starts to fade...
