Hey, everybody
Come along if you can
We're gonna take a ride uptown
And listen to the guitar man

Then we're gonna dance
Yeah, dance, come on and dance
Dance to the guitar man
Here he come now

Hey, everybody
If you like rock and roll
You're gonna like the guitar man
Cause he plays it with a lot of soul

It'll make you dance
Yeah, dance, come on and dance
Dance to the guitar man
Here he come now

Hey, everybody
It's just about a quarter till two
But before they shut that door
There's something we just gotta do

We gotta dance
Yeah, dance, come on and dance
Dance to the guitar man
Here he come now

Dance, dance, here he come now
Dance, dance, here he come now
Dance, dance, here he come now
Dance, dance, dance, dance

Dance, dance, here he come now
Dance, dance, here he come now
Dance, dance...
