sometimes it's so hard to understand what I feel
but one thing's for sure, I love you and that's for
real
but sometimes you just go, you just leave without a
kiss
and I think I don't care but I know that's what I
miss
again i'm fading cause I think I really need you
it's not that I ever doubt but sometimes I feel
confuse
and i look in your eyes, sometimes they tell me that
you care
and you're here, in my mind, for me you're everywhere

na na na na na na na na
na na na na na na
sometimes I cry, I don't know why
maybe it's just because of you

na na na na na na na na
na na na na na na
sometimes I don't know what to do
sometimes, sometimes

sometimes I just feel down, honestly I don't know why
cause I know that you feel something
you just can't show it? that's alright
and I think about you, every moment that exists
and I wish you were here, or just in my dreams at
least

na na na na na na na na
na na na na na na
sometimes I cry, I don't know why
maybe it's just because of you
na na na na na na na na

na na na na na na
sometimes I don't know what to do
sometimes, sometimes

and i look in your eyes, those true eyes
sometimes they tell me that you care
and you're here, in my mind, for me you're everywhere
and I think about you, every moment that exists
and I wish you were here, or just in my dreams at
least

na na na na na na na na
na na na na na na
sometimes I cry, I don't know why
maybe it's just because of you

na na na na na na na na
na na na na na na
sometimes I don't know what to do
sometimes, sometimes

na na na na na na na na
na na na na na na
sometimes I cry, I don't know why
maybe it's just because of you

na na na na na na na na
na na na na na na
sometimes I don't know what to do
sometimes, sometimes
