And on a different day
You'll get your chance you know
And on a different day
You'll find the path to go
Justify your place

I show you patience, you show me pain (show me pain)
I give you time, you're always late (always late)
I make you strong, you choose to fail (choose to fail)
I give you cash, the one thing you do is...
Take it
Take it
Take it
Take it
Take it
Take it
Take it

And on a different day
Our fading friendship fails
And I will mourn the day
So justify your place

I show you patience, you show me pain (show me pain)
I give you time, you're always late (always late)
I make you strong, you choose to fail (choose to fail)
I give you cash, the one thing you do is...
Take it
Take it
Take it
Take it
Take it
Take it
Take it

Justify your place

I show you patience, you show me pain (show me pain)
I give you time, you're always late (always late)
I make you strong, you choose to fail (choose to fail)
I give you cash, the one thing you do is...
