Take my hand
We're leaving
It's easy
Understand I need you to see this
I've found the answer
It's somewhere else
Cos I can see the view from here
All we've planned is there for us
I was gone a long time, frightened
Being me gets harder each day
And I can see the view from here
All we've planned is here now
Take my hand
We're leaving now
Understand I need you to be there
I've found the answer
I can see the view from here
All we've planned is very near
I was gone a long time, frightened
All we've planned is here now
