It's not you and it's not me
It's a feeling now and then
It's not you and it's not me

To your face I find it hard to say
A word about your ways, that's ok
Your smile, the bravest face of all

Look your eyes, they try to pin me down
Save me from myself
I won't see you
Your smile, the bravest face of all
I don't care for it at all

It's not you and it's not me
It's a feeling now and then
It's not you and it's not me

Warmth, and smiles, as we follow this old game
And we're looking through windows, the colour of wine
And second by second, they close, leaving me behind

It's not you and it's not me
It's a feeling now and then
It's not you and it's not me

It's not you and it's not me
It's a feeling now and then
It's not you and it's not me

Here am I, dressed in my bravest face
Same time, same place
Week in, week out
I can't give you any more, somehow
Forgot to mention you know my susceptible mind
And unwind, unlock my defences
And I'll be here, dressed in a brave face, your choice
Same time
Same place
Next week
