Down the road
At the bar we sit
We're a friendship
My longing must resist

But up the stairs
Up into my heart
We're the lovers
Who never have the chance

And I say
What's needed
Are some memories without pain
It's hard when the world knows your name

Was it just last week?
He was your only flame
And the wind on our street
Calls his name

But you could try me
There's so much more to say
And our neighbours
Let them whisper
All day

The jukebox says
Our moment has arrived
Leave out all the history
For tonight

Let's make the memories
The dreamers' only claim
But it's hard
When the world knows your name

The jukebox says
Our moment has arrived
Leave out all the history
For tonight

Let's make the memories
The dreamers' only claim
But it's hard
When the world knows your name
