Black Oak Arkansas
"Can't Blame It On Me"

I need some lovin' your style is so fine
I've got to getcha girl and make you mine
I see you 'round and you treat me so rude
You know you need me girl, I can cure your blues

You can't blame it, can't blame it on me
I tried so hard just to make you see
You get me up and you shake my tree
You can't blame it, blame it on me

Sometimes it's hard to see that other side
Instead of fightin' we should realize
It ain't easy to see eye to eye
If you can't get it together then let it slide

You can't blame it, can't blame it on me
I tried so hard to make you see
You know I'm wild and livin' free
You can't blame it, blame it on me

I need your lovin'
You can't blame it on me
