Now you see it now you don't  
singin straight to you right out front  
when we're not on stage we're everyday  
hippies  
some don't dig our gig  
but to us our life is trippy

Our eyes ere' on you, our ears can hear you  
so watch what you say, we know how you  
treat  
we know how you cheat our people today

Now you woman how I wonder  
if your love for me while ridin mystic  
thunder  
can love the simple man down under  
but there's only one way to work it out  
and let's do it over yonder

Oh if I could get my hands  
on one that understands  
the ecstasy you see can be  
the agony of the inner man

Our eye ere' on you, our ears can hear you  
so watch what you say  
we're just lookin  
fer some good home cooking  
and a woman that looks pretty
