Spring days to summer days
the heat wave is here
let's run free you and me
it's that time of the year

Birds swoon and flowers bloom
it's time to mate if it ain't too late
on summer beaches women teach us
that in heat we all relate, all relate

Less clothes on women
from the warm skies of heaven
the season of creation
comes with spring vacation

Clubs are rockin, everybodies hoppin
there are parties all over town
don't matter who you are, if you haven't
got a car
you can hitch to get around - get around

Get out of the house have some fun
burn your skin in the summer sun
I'm happy now that winter's done
cause now I'm free, free to run

Less clothes on women
from the warm skies of heaven
the season of creation
comes with spring vacation
I tell ya that there's much anticipation
yes for nature's chain reaction
and it comes with spring vacation
all across the nation
