She's done in this grave
With this sad mistake and sweet faith
Everybody gets one chance with me
You're my favorite
But you've seen too much
You know I love you dear but it's not my call
Were they hide the drugs
What they really do in that room
You know it all
What should I tell your mother?
What should I tell your mother?
What?
Lover so you won't suffer
I put the shovel down
I'll put the shovel down to crush her
We're putting this dog to sleep for good
One you gotta gotta die
Work must be done
You gotta gotta die
Work must be done
Betty you
Finally got to see what the bad guys do
First hand face down in a ditch somewhere
And the cops have no lead
No lead
Oh my job I never said I never loved this
Oh my god all I wanted was someone to hold
And I'll sleep with her
She's done in this grave
With this sad mistake and sweet faith
Everybody gets one chance with me
Oh this is what she gets and it's made
She's done in this grave
With this sad mistake and sweet faith
Everybody gets one chance with me
This is what she gets
Lover so you won't suffer
I put the shovel down
I'll put the shovel down to crush her
I'll put the shovel down to crush her
Suck my dick
