This infested celebration that I run down California
here I come. Do you really want to dance with me all
night long IÂ'm getting pretty tired? Save your breath
make it last
And IÂ'll get flowers to impress you. Rest because IÂ'm
getting pretty tired again.
I will be there on time so save the drama forget the
makeup. Get on the floor light the ground on fire, IÂ'm
a roller coaster break my back to impress. And now
ladies and gentleman! On the dance floor back and
forth in the spot light dancing with you. Screaming at
you have a good time. I know where I left you on the
floor in the bed room. I really thought it was so messed
up when she slapped you in the face. It made my night
so perfect. Well IÂ'll sail away to the end of the earth.
Before I could get her to move off the chair, so move
off the chair
