Yeah!
Someone take me
I have no luck with girls
Sing it to me
Will this whore in line for the next ride
Keep on riding around town?
And don't tell me to back away from this one
And I'll sit here
And I'll wait
Until they play the only song that I love
Somewhere out there will you consider me attractive?
Take me
I'm your average desperate soul
I swear to god I'm the real thing
Bitch I'm low on the cash flow
But don't leave me laying in the gutter
Where I over spend the envy at your show
I hope you're happy now
I introduce myself
I hope you're happy now
Turn down the sound of the sex film
Turn down the sound of the sex film
I'll turn it down for you
Turn down the sound of the sex film
I'll turn it down for you
Shut it off
Your way too loud
Shut it off
Your way too loud
Yeah!
Someone take me
I have no luck with girls
I have no luck with girls
I have no luck with girls
I have no luck with girls
I have no luck with girls
I have no luck with girls
