She's my hot cup of tea  
She's certainly overwhelming  
An ice cube to calm you down  
Then I'll come to calm you down  
And the way I move to the table  
Like a dirty beast with style, cash  
Eating the world  
One by one (like a fucking case of the cold)  
Eating the world  
One by one (like a fucking case of the cold)  
Eating the world  
Like a bad fucking case of the cold  
Eating the world  
She likes my slender size  
It's all in the way I move  
My stomach won't hold food when I spill my guts to pay  
my dues  
What? Oh fuck!  
And not a spec of light is showing  
So the danger must be growing  
All the fires in hell are blowing  
Is the grizzly reaper mowing?  
Yeah  
The danger must be growing  
Because the rowers keep on rowing  
And they certainly are not showing  
Any sign that they are slowing  
Get to your boat  
To the shore line  
My lover said to obey her  
My lover said she's the weight on my back  
My lover said to obey her  
My lover said she's the weight on my back  
Lets not and say we did  
Keep your fingers out of your mouth  
And I think we are running out of time for the price I bid  
I think you're looking quite amusing tonight  
I think you're looking quite amusing tonight  
I think you're looking quite amusing tonight  
I think you're looking quite amusing tonight  
  
You don't wanna be here if she gets home

Take it easy, take it easy  
She's not gonna show her face  
And I don't think you understand the truth about us  
In matter of time  
If she shows up  
I hope she won't  
I hope she won't  
I know that if she'll see me with you  
Naked in my room  
There's something I love about the rush when I'm  
cheating on you  
There's something I love about the rush when I'm  
cheating on you  
I'll pray to god you'll understand
