

Ducky Boys "Scars"

Visit "[Scars](#)" on MotoLyrics.com

When you're lying in bed at night do you think about a
normal life?
Do you think about a normal life like me?
Take a look at my scars tonight
They remind me of them awful times
they remind me of the awful times we've seen
We ran a long way from home
I see it Plain and Clear
There Aint Nobody Real
Looks like I'm On My Own again
When you're lying in bed at night do you think about a
better life?
Do you think about a better life like me?
We ran a long way from home
I see it Plain and Clear
There Aint Nobody Real
Looks like I'm On My Own Again
