Give up, give in
Got to know you'll never become something
Just the same as ever
You won't fit in, that's just how it goes

Breath in, walk out
Will anybody ever know if you find it hard to shine?
When every turn you take in line
With the fear of never making it alive, woah oh

Never give in, hope is all we have
And all we've ever known, never fear it
But you gotta hear me out, woah oh
So scream it out loud and scream it out loud

We will be big
(Always standing proud)
We will sing up
(We will shout it loud)

We can be strong
(When it all goes down)
We won't move on
We will always stick around

If you're finding harder times
When everyone you see is blind to the hopes
You still dream about inside, woah oh

Never give in, hope is all we have
And all we've ever known, never fear it
But you gotta hear me out, woah oh
So scream it out loud

Never give in, hope is all we have
And all we've ever known, never fear it,
But you gotta hear me
It's all we've ever known, never fear it

Hope is all we have
And all we've ever known, never fear it
But you gotta hear me out, woah oh

So scream it out loud
