Now I'm looking at you and you're like it too
I would never ask for anything more
As I'm walking away
Won't you ask me to stay?
I am sorry if I'm not enough

What if I was never aiming to lie?
What if I don't have to say goodbye

Keep on moving
Keep on moving
Where did it go
Where did it go
Keep on moving
Where did it go Where did it go

Now you're walking with me and I'm all I can be
Just don't ask for any more than this
Just speak only the truth
Even if your voice shakes
I want to know where I stand with you

Sorry that I never through it would change
But what if we don't let the past hold sway

Keep on moving
Keep on moving
Where did it go
Where did it go

Keep on moving
Where did it go Where did it go

Do you know which way to start (keep on moving)
Do you know we're aiming at the sky (keep on moving)
Where did it go Where did it go

The sky yeah
Where did it go Where did it go

Keep on moving
Keep on moving

Keep on moving
Where did it go?
Where did it go

Keep on moving

Do you know which way to start (keep on moving)
Do you know we're aiming at the sky (keep on moving)
Where did it go Where did it go
The sky yeah
Where did it go Where did it go

Do you know which way to start (keep on moving)
Do you know we're aiming at the sky (keep on moving)
Where did it go Where did it go
The sky yeah
Where did it go where did it go
