So this is how it's gonna be, you and me are history  
We will never look the same but the end is coming  
Your time is running out, the rain is pouring  
So raise your voice and shout

This is a blackout and you'll find out  
It's gonna come and take everything you love away  
A blackout coming to your town  
We'll never run away so stand and fight another day

So this is where it all began, this is where the story  
ends  
We will never need to leave, we keep running  
The walls keep coming down, this is a warning  
So raise your voice and shout

This is a blackout and you'll find out  
It's gonna come and take everything you love away  
A blackout coming to your town  
We'll never run away so stand and fight another day

Going out, going out, going out  
Going out, going out, going out  
Going out, going out, going out  
Going out, going out, going out  
Going out, going out, going out

Going out, going out, going out  
Going out, going out, going out  
Going out, going out, going out  
Going out, going out, going out

Going out, going out, going out  
Going out, going out, going out  
Going out, going out, going out  
Going out, going out, going out

This is a blackout and you'll find out  
It's gonna come and take everything you love away  
The blackout coming to your town  
We'll never run away so stand and fight another day

This is a blackout, this is a blackout  
This is a blackout
