Please don't say it's over today
I never wanted to walk away
I never asked to anyway

Please don't make, don't make this mistake
I'm too afraid to walk away
Do I have what it takes to stay?

We're silent, we're silent
We're silent when we speak
We're silent, we're silent
We're silent when we speak

This silence is killing me
This silence is killing me
Time and time again
Time and time again
Time and time again

So take my hand, I'm falling to pieces
Make me understand, I want to believe it
When the end began, I can't be on my own
When it all turned into sand, don't leave me alone

We're silent, we're silent
We're silent when we speak
We're silent, we're silent
We're silent when we speak

This silence is killing me
This silence is killing me
Time and time again

We're silent, we're silent
We're silent when we speak
We're silent, we're silent
We're silent when we speak

This silence is killing me
This silence is killing me
Time and time again

Please don't say, time and time again
It's over today, time and time again
I never wanted to walk away, time and time again
I never asked you anyway, time and time again
