I'm sorry we took this from you,
Did you know you were never gonna take it back?
I'm sorry we left you behind,
You need to know it was never our plan of attack.
I'm sorry we took your crown,
We never wanted to become enemies.
I'm sorry we made up your mind,
You can't bring us down!

And you'll never know,
Never get it right.
Coming in for you, going in for the kill,
Just like we always will.
And you'll never know,
Never get it right.
Yeah, C'mon, Woo!

I'm sorry for what we've done,
The time has come to throw this shit away.
I'm as surprised as you,
I didn't know how deep it would cut your pride.
We gone and left you behind,
There's no apologies for what we've done.
We're better than your kind,
You can't bring us down.

And you'll never know,
Never get it right.
Coming in for you, going in for the kill,
Just like we always will.
And you'll never know,
Never get it right.
Yeah, C'mon!

You can't bring us down,
We're the best in town!
You can't bring us down,
We're the best in town!
You can't bring us down,
We're the best in town!
You can't bring us down,
We're the best in town...

Oh!

And you'll never know,

Never get it right.

And you'll never know,

Never get it right...

And you'll never know,

Never get it right.

Coming in for you, going in for the kill,

Just like we always will.

And you'll never know,

Never get it right.

Coming in for you, going in for the kill,

Just like we always will.

Woo!
