This feelings fading fast and it's getting hard to hold,
'Cause I believed in every word
Of all the rumours I've been told about you and
Never thought it would ever end up like this
That you'd be the one, that you'd always miss
That you'd always miss, that you'd always miss

Looking for the one way out
Waiting for the last goodbye
How could you say
(Never knew, never knew it was coming oh)
How could you say
(Never knew, never knew it was coming oh)

If you've always felt this way
Why was I the last to know
Yeah I believed that every day
We were on the same damn page and maybe I
Never thought it would ever end up this way
Never thought I would ever just walk away
Just walk away, just walk away

Looking for the one way out
Waiting for the last goodbye
How could you say
(Never knew, never knew it was coming oh)
How could you say
(Never knew, never knew it was coming oh)
(X2)

Take me with you even if it's only in your head
When you come back to me, stay forever in my bed

One way out
Last goodbye
(How could you say?)
One way out
(How could you say?)
Last goodbye

Looking for the one way out
Waiting for the last goodbye

How could you say
(Never knew, never knew it was coming oh)
How could you say
(You never knew, never knew it was coming oh)
(x2)

How could you say
(Never knew, never knew it was coming oh)
How could you say
(Never knew, never knew it was coming oh)
(x4)
How could you say?
