We ain't got better things to do
Is it gonna feel the same, hell baby when we are
through

So just take my place, here, on the top
Cause the world seems to never stop
No need to waste my time cause I got something new

Don't need to be chased, you can have it all
I stand straight faced, put all of my faith into the fall,
into the fall

The second that I felt the pain
You took it as a hint, yeah baby just another game

My smile just gave you another fix
Always were too hip, for all my tricks
In the end you knew we were the same

Don't need to be chased, you can have it all
I stand straight faced, put all of my faith into the fall,
into the fall

So I put it all in you, it's what I want
Not eloquent but my favorite part of being used
Is knowing what's next for you

It's time to let you know
It's time to let you go
It's time to let it all go.

So just take my place, here, on the top
Cause the world seems to never stop
No need to waste my time cause I got something new

Don't need to be chased, you can have it all
I stand straight faced, put all of my faith into the fall,
into the fall

So I put it all in you, it's what I want
Not eloquent but my favorite part of being used
Is knowing what's next for you
