Climb down and surrender for all those things you do
to me,
Go now life is fading, asphyxiate you,

Blood is boiling, eyes are pinned,
Mother f*cker owes me money again,
Don't put it past me to shackle your b*tch,
Blind side you with the bait and switch,

And I will leave no traces, no bodies left behind,
Don't fight you can't escape it, I am not the sympathetic
kind,

Abduction, you won't be missed,
It can't get much sicker than this,
You should have thought before you stole,
Now you're buried right in a hole,

And I will leave no traces, no bodies left behind,
Don't fight you can't escape it, I am not the sympathetic
kind,

Climb down cold surrender for all those things you do
to me,
Somehow you cut me deeper, it gets steeper by the
brink,
Fall down took you over and now you cannot hide from
me,
Go now life is fading, asphyxiate you,

And I will leave no traces, no bodies left behind,
Don't fight you can't escape it, I am not the
sympathetic...

Climb down cold surrender for all those things you do
to me,
Somehow you cut me deeper, it gets steeper by the
brink,
Fall down took you over and now you cannot hide from
me,
Go now life is fading, asphyxiate you,
