You're my flower, you're my road
That I try to stay up on
Even when things, they go wrong
You stay there with me.

You don't stay for what I do
The sleepless nights I drug you through
When I say things I don't mean to
Yea, you stay there with me.

You uncovered this outlaw soul
You should've gone baby, long ago
But you shined a light where it was dark
On my wasted heart.

When I flew, you pulled me down
When I crashed you were the ground
When my bones scattered all around
You stayed with me.

You uncovered this outlaw soul
You should've gone baby, long ago
But you shined a light where it was dark
On my wasted heart.

My wasted heart needed healing
And you saved it for me
I've got a new start,
Rest your eyes in time
These days will say what I never could.

You stayed with me...
You uncovered this outlaw soul,
You should've gone baby long ago
You shined a light where it was dark, Oohh
You uncovered this outlaw soul,
You should've gone baby long ago
You shined a light where it was dark,
On my wasted heart.
