Childsplay

I was silly with your heart and day

I enjoy tearing you apart

Now it's me who cries

Teenage games all I ever did was call you names

I got kicks from teasing you

Now it's me who cries

I have such regrets

It's you I can't forget

Everytime I see you go by

I break down and cry

Your taking my breath away

And everytime I see you with her

Oh baby it hurts

Your taking my breath away

Breath away

Now we've grown and I'm still here

On my own

I'll be tender with your foolish heart

Cause still it's me who cries

Now I fault

Still I wish I had you to hold

I don't suppose that you would

Come away

Cause still it's me who cries

I have such regrets

It's you I can't forget

Everytime I see you go by

I break down and cry

Your taking my breath away

And everytime I see you with her

Oh baby it hurts

Your taking my breath away

Breath away

I have such regrets

It's you I can't forget oh

Everytime I see you go by

I break down and cry  
Your taking my breath away  
And everytime I see you with her  
Oh baby it hurts  
Your taking my breath away  
Breath away  
Breath away  
Breath away  
You take my breath away  
Breath away  
Breath away.
