It seems you wanna give me,  
Oh a life time of security  
Down on your dying knees  
I watch you babe I watch you please

But your words come much too late,  
My love for you has turned to hate

Cuz you've taken too much time,  
To show me that your mine,

When I drop you boy  
You'll need another toy  
One that wont stand up for herself  
When I knock you down  
You'll need another town  
Where somebodys gonna talk to you,  
You just let me wait now its too late  
For your delayed delayed devotion

You try to convince me  
Oh about the possibilities  
But I know that all your poetry  
Just comes from insecurity

Cuz your actions speak nothing no more  
When Its what Ive been waiting for

Cuz you've taken too much time,  
To show me that your mine,

When I drop you boy  
You'll need another toy  
One that wont stand up for herself  
When I knock you down  
You'll need another town  
Where somebodys gonna talk to you,  
You just let me wait now its too late  
For your delayed delayed devotion

You played me for a fool, for too long  
Blinded by your lies I never saw your all

Im no longer under your spell  
Here it in a song You can go to hell

When I drop you boy  
You'll need another toy  
One that wont stand up for herself  
When I knock you down  
You'll need another town  
Where somebodys gonna talk to you,  
You just let me wait now its too late  
For your delayed delayed emotion
