"Dim Bulb"

Suspicious
Dead tired
Dim bulb
Heavy
Lids falling
Forgotten
My calling
Bruised and
Beaten and gouged
I'm sleep walking
'Till I fall down

I'm a dim bulb
Got nothing going on in here

I'm really a dim bulb
I really got nothing going on in here

Drum flub, hold

What was I thinking
My eyes not blinking
Dumb and know nothing
How did I get here
How did I get here
Passed out not knowing
Woke up not knowing

I'm a dim bulb, I'm a dim bulb
I've got nothing going on in here
