The blank pages of my diary
That I haven't touched since you left me
The closed blinds in my home
See no light of day

Dust gathers on my stereo
'Cause I can't bare to hear the radio
The piano sits in a shaded space
With a picture of your face

I'm scared to face another day
'Cause the fear in me just won't go away
In an instant you were gone and I'm scared

Coffee stains on your favorite book
Remind me of you so I can't take a look
The magazines you left on the floor
You won't need them anymore

A towel left hanging on the wall
No sign of wet footsteps in the hall
There's no smell of your sweet cologne
I'm lying here alone

I'm scared to face another day
'Cause the fear in me just won't go away
In an instant you were gone and now I'm scared

I'm scared to face another day
'Cause the fear in me just won't go away
In an instant you were gone, now I'm scared
In an instant you were gone, I'm scared
