Spaghetti and red wine

The last time I saw you
I saw you get sick

Like baby snakes shootin'
From your sweet lips

Now where has your
Sweet smile gone to now

It left when your stomach
Gubs went pow, pow, pow

Now every time I see you
I give you a taste

Just a little bit more don'tig
Let it go to waste

Churning the music
Can you feel the beat

Now open up girl and
Let it hit the streets

Spaghetti and red wine
Lookin' so fine

I kissed your lips 'cause
You said they were mine

Spaghetti and red wine
Lookin' so fine

I'll whip you off if
Again you'll be mine
