

## Duh "Dim Bulb"

Visit "[Dim Bulb](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Suspicious  
Dead tired  
Dim bulb  
Heavy  
Lids falling  
Forgotten  
My calling  
Bruised and  
Beaten and gouged  
I'm sleep walking  
'Till I fall down

I'm a dim bulb  
Got nothing going on in here

I'm really a dim bulb  
I really got nothing going on in here

Drum flub, hold

What was I thinking  
My eyes not blinking  
Dumb and know nothing  
How did I get here  
How did I get here  
Passed out not knowing  
Woke up not knowing

I'm a dim bulb, I'm a dim bulb  
I've got nothing going on in here
