Spaghetti and red wine

The last time I saw you  
I saw you get sick

Like baby snakes shootin'  
From your sweet lips

Now where has your  
Sweet smile gone to now

It left when your stomach  
Gubs went pow, pow, pow

Now every time I see you  
I give you a taste

Just a little bit more don'tig  
Let it go to waste

Churning the music  
Can you feel the beat

Now open up girl and  
Let it hit the streets

Spaghetti and red wine  
Lookin' so fine

I kissed your lips 'cause  
You said they were mine

Spaghetti and red wine  
Lookin' so fine

I'll whip you off if  
Again you'll be mine
