Balls out, blow out
And they're chicks
I've got nine of them, myself
Limited edition colored vinyl
Keeps me from feeling suicidal

I've got it all
My legacy, maximum rock and roll

Great work guys, great production
Reminds me of the glory days
When's the album, love ya guys
Don't ever change, good lyrics too

Some killer, some filler
Way cool, I'm no fool
Stick with (?) kid, you'll get laid
I'm in tight with the babes

Tell me what happened
Will it always be the same
Remember when it was just you and me
Dancing near the stage
