I found her readin' gas-pump instructions,
She had a cigarette burning, hangin' out of her hand.
She had a little red dress in her chopped down cadillac
eldorado
She had a sign said just got married, threw it back in
the trash

[Chorus]

What's a little lady like you
Little lady like you
What's a little lady like you
Driving all that automobile

She said she was goin' down a road to a party
She opened the passenger door and asked me if I
wanted to go
She gave me a wink before I could stop and think I was
jumpin' in the seat beside her
She put the pedal to the metal brunin' rubber all over
the road

[Repeat Chorus] x2

Down the road turned out to be Southern California
We had a white knuckled ride all up and down the coast
We stopped for a drink and I began to think maybe she
was a little crazy
She put the pedal to the metal brunin' rubber all over
the road

[Repeat Chorus] x4
