Baby Doll
You are my love
I've always thought you'd be my girl forever
Baby Doll
Forgive me love
Believe me now
Don't leave me alone in the dark

oooh
I would do anything for you
I would do anything for love

Baby Doll
You are my love
I've always thought i'm in you arms forever
Baby Doll
Forgive me love
Come hold me now
Don't leave me alone in the dark

oooh
I would do anything for youuu
I would do anything for love
I would do anything for you
Would do anything for looove

ooohh
ehhhh

love, love, love
love, love, love
