[Intro: ColdUm 187 Talking]

You know, it's been ten years in the making  
And we working towards ten more years to come  
Puttin' it down with that serious hustle, you know what  
I'm sayin'?

Above The Law, this is our world  
So while we up in here  
KM.G, why don't you set it off?

[Verse 1: KM.G]

Can y'all relate with this one, dwelling on the night  
before  
Waking up kinda salty on my homie K-OSS bathroom  
floor  
Picture this, 30 niggaz, Lexes, Benzes  
And at 12 'o clock, we gon' do it again  
And tell the world how the clinic must be toasted  
Forever low-riding, loving life, West coasted  
Jump into the shower, make sure the ass is clean  
Funky fresh A.T.L gear, you know what I mean?  
Pump my stereo, so Hutch, hit me by the studio  
Listen to my niggaz from the block, local demo, some  
Donna Karan, or Joe in the air  
When they mix with some chronic, those hookers don't  
care  
G.S.-ing while I'm thinking 'bout some hoe shit  
No question I'mma flip my funky flow shit  
I show shit  
Niggaz know the time, cause they killed a crime victim  
Yes, we choose the lick, get the homies  
Then we stick 'em, yeah  
Don't get mad because you bought a fake chicken  
Maybe next time, y'all can do the goddamn lickin'  
Oh yes, we spends your ends, and we spends it good  
We coppin' havin OG's in the hood  
With all the rats that you know  
And all the hookers that you used to go to school with,  
yeah  
They all count a fifth  
So relax and just chill and play the role  
And be another girl getting sexed in my world...

[Chorus: KM.G - 2X]

Do your stuff  
Play your game  
See your world  
See your world

[Verse 2: ColdUm 187]

So why don't you take a toke off the Endo  
And step into my world?  
Top down, on the side, double O as I hurl  
Situation's kinda sticky on the dove side  
So when I who ride, keep it on the love side  
Straight P-town player for life, I told you before  
Fool, I'm all-a-that, you better ask your hoe  
Cause she be knowing how the clinic patrol  
She be my top notch hooker when she on a stroll  
it's kinda cold, but if you put it in perspective  
Either you respect this, or either you get checked, bitch  
See I'm real, I'm realer than my triple gold 100 spokes  
Realer than the ?? that the Ese's quote  
So if you got the green eye with the triple beamer  
Call me up, I get you weight, I get you airtight  
?Peruvia, I'm trying to her  
Caviar in a mansion,?  
I'm making moves, see I'm expanding  
Cause ain't nothing in this world like being broke  
I'd rather be standing on the other side of gunsmoke  
And see I never ever ever been to the curb  
I puts it down, I go for mine  
It's my world, for real...

[Chorus: ColdUm 187 - 2X]

Do your stuff  
Play your game  
See your world  
See your world
