Tomorrow

See the stars above the sky, pure emotion flying high,
Get together, just be free, we live in peace and
harmony,
No more struggle, no more fight, just feeling high and
fly,
See the stars and feel the moon, pure emotion coming
soon

Tomorrow

See the stars above the sky, pure emotion flying high,
Get together, just be free, we live in peace and
harmony,
No more struggle, no more fight, just feeling high and
fly,
See the stars and feel the moon, pure emotion coming
soon

See tomorrow, feel today, say goodbye to yesterday,
Feel no sorrow, just feel free, total exstacy, tomorrow

See the stars above the sky, pure emotion flying high,
Get together, just be free, we live in peace and
harmony,
No more struggle, no more fight, just feeling high and
fly,
See the stars and feel the moon, pure emotion coming
soon
You and me, nananana, together feeling free,
Feel the?action? in the air, just reaction, no more care
