Could I change the way you feel
Could I make you see there's more than holding on
Can you ever let your heart believe again

So this is where we are
And this is all that life has got to give
Maybe all that's left is just to live

Caught up in when or whether
I didn't want to tell a lie
But I saw forever there in your eyes

So what you're trying to say
Do you really think it's worth just walking away
Well is it fair to tell me I'm to blame

Well you know you've got to choose
And you know you are afraid of what you'll lose
How can you believe what just ain't true

Caught up in when or whether
I didn't want to tell a lie
But I saw forever there in your eyes
I know it's now or never
How could you ever say goodbye
When you see forever here in my eyes

Baby forgive me
Cause I got nothin' left to hide
Don't ever leave me
Cause there'll be nothin' left inside

Could I change the way you feel
Could I make you see there's more than holding on
Could you ever let your heart believe again

Caught up in when or whether
I didn't want to tell a lie
But I saw forever there in your eyes
I know it's now or never
How could you ever say goodbye

When you see forever here in my eyes
