Part Time Love

I wanna tell you how I feel  
Mmm yeah  
The night is closing in  
And I've gotta reveal  
You are someone that  
i can't be with or without

It's crazy  
I wonder if you know  
Mmm girl you amaze me  
And I can't control

My desire, a fire, a feeling  
I can't hold back any longer  
You gotta  
Be mine tonight  
Bring this thing alive  
Can't sleep at night  
Can't be who I  
Wanna be without you next to me 'cos it's  
Not enough  
Want more than just a  
Part time love

I used to like playing games  
Yeah  
But now the morning after doesn't feel the same  
Well  
This should not be something  
That just fades to nothing

I know  
It's got to mean much more  
Oh let your heart show  
It's what I'm waiting for

That desire  
A fire, a feeling  
I can't hold back any longer

You gotta  
Be mine tonight  
Bring this thing alive  
Can't sleep at night  
Can't be who I  
Wanna be without you next to me 'cos it's  
Not enough  
Want more than just a  
Part time love

I'm tired of staying silent  
Trying to find the moment  
It's time to tell you I can't hide

My desire, a fire, a feeling  
I can't hold back any longer  
You gotta  
Be mine tonight  
Bring this thing alive  
Can't sleep at night  
Can't be who I  
Wanna be without you next to me 'cos it's  
Not enough  
Yeah you know that it's just  
Hard enough  
I need more I need more than a  
Part time love

Yeah  
Desire  
Fire
