Yes I know
We're born a little bit surprised
We went a little far this time
Oh no
And I said
We've got too many thing to lose don't wanna live my
life this way

From a moment that lingered too long
To a battle that can never be won
So wrong yeah

Thought it's love we both want
It's a love we don't need
Let's sit here in silence
Let out heats bleed
That it's hard to be strong
When u're feeling so week
Till the night's over
Don't suffer alone
Suffer with me

So here we are
Standing in an empty room
I'm trying not to look at you
That way
Cos I care
Thought it's hurting me so much inside
I'm trying just to be your friend today

It's a song that should have never been sung
It's a race that should have never been run
So wrong yeah

If we can't share the highs
Might as well share the pain
I k now it's breaking every rule
But it helps ease the strain
I'd rather sit here in sorrow
Again again
In the arms of one another's suffering

Thought it's love we both want
It's a love we don't need
Let's sit here in silence
Let out hearts bleed
That it's hard to be strong
When u're feeling so weak
Till the night's over
Don't suffer alone
Suffer with me
