I guess they think it's what we want  
A smooth and easy ride  
Constellations of ceiling lights  
Hennessey and Naugahyde

America, America  
And this is our reward  
Everything is boring  
And everyone is bored

Maybe white, maybe a white limousine,  
Maybe a white, white, white, white limousine

Who's the smart guy at the wheel  
We're running out of gas  
He likes to wear a flight suit  
And fly around for laughs

Maybe white, maybe a white limousine,  
Maybe a white, white, white, white limousine

A few incentives for the pharmacy  
Hey, I'm feeling better already  
I don't want to be clear, that's too much for me  
I'm making up  
Oh I'm making up  
For lost time  
For all the lost time

Maybe white, maybe a white limousine,  
Maybe a white, white, white, white limousine  
Maybe white, maybe a white limousine,  
Maybe a white, white, white, white limousine

Outside of the limousine  
Grown men they do cry  
The bill for seven hours  
Is worth how many lives?

Maybe white, maybe a white limousine,  
Maybe a white, white, white, white limousine

We have won the war!  
We have won the war!
