And now we'll sing of drowning things  
No wondering what might happen  
Upon that ship we played the popular songs  
Some sang along, now all that's gone

Thrown below the raging tides  
We hope to rest, we were denied  
So now we haunt the ocean side  
Live this pale eternal life

And now you're here and so we'll pass the tide  
Secret's ours and phantom wide  
And now it seems so long ago  
But once we lived, but didn't know  
That every life is quite a show  
If it answered prayers and tales of woe
