Such an annoying conversation  
I'm sorry but I'm tired of trying  
To be some picture of compassion  
And anyway it sounds like I'm lying

And yes I've heard the world has conspired  
To steal away your God-given right  
To a happy home and comfortable children  
Next you'll sue them for abandoning you

So bite your tongue  
You're not the only one  
Who's been let down

Bite your tongue  
Maybe it's good for you  
To hit the ground

Oh Christ, it's gonna sound like I'm agreeing  
With the most ultra-boring ideas  
Of pops psychological western gurus  
Who haven't gotten lucky in years

And so you see, I have no intention  
Of giving you the easy way out  
And yes I'll smile as I burn  
The self-help section of my local bookstore

So bite your tongue  
You're not the only one  
Who's been let down

Bite your tongue  
Maybe it's good for you  
Hit the ground

Blame the shapes and blame the angles  
Blame it on your own dark planes  
If you blame on something other  
The victim's song remains, remains

So bite your tongue

You're not the only one  
Who's been let down

Bite your tongue  
Maybe it's good for you  
To hit the ground
