Maybe I'll just whisper neither humble neither proud
listen
if you care to but I will not sing to loud no not tonight
just
before I over and out.

I wanna sing of better times
I wanna sing of hope we've heard those
empty promises they sound like such a joke so
I stumble so hard to say so difficult.
sometimes I am not able to separate my dreams from
false clichés

the more and more i hear it I feel the spirit rise.
the people here are talking bout the wonders of our
life.
Maybe I will turn away maybe you will run it just may be
a foreshadowing...of what's to come

so anything can happen
I don't believe in fate
I won't try to convince you cause its getting kind of late
there it is.
just before I'm over and out.
My parting shot just to say you hold the reins.

the more and more I hear it I feel the spirit rise.
the people here are talking bout the wonders of our
life.
maybe I will turn away maybe you will run it just may be
a foreshadowing...of what's to come

do you struggle to realize this earthly paradise is so far
above us.
to put away the poisonous ideas.
I know it's just ideas they're the only enemies round
here

I see your eyes are closing
I didn't mean to keep you up.
there's more that i can say now

but i guess I've said enough so sleep well just before
I'm over and out.
sleep well just before I'm over and out

the more and more i hear it I feel the spirit rise.
the people here are talking bout the wonders of our
life.
Maybe i will turn away maybe you will run it just may be
a foreshadowing...of what's to come
