Clearly I'm a genius, if she only knew it  
But somewhere in her radius I really blew it  
I know, I know what I said to her and I know what I did  
What I don't know is how I could ever be so incredibly  
stupid

You don't really need to know every last detail  
It's hardly worth telling  
It's suffice to say I said that I would be there  
But I never came through

So maybe I'm a genius and she just don't see it  
I fronted, I should have admitted she saw right through  
it  
I never thought that I could be so underhanded  
Somehow I've cornered the market on the double  
standard

You don't really need to know every last detail  
It's hardly worth telling  
It's suffice to say I said that I would be there  
I never came through

For this act of genius and so many others  
I know I should apologize and see how it goes

What am I waiting for?  
Come on, come on, come on, come on  
What am I waiting for?  
Come on, come on, come on, come on

What am I waiting for?  
Come on, come on, come on, come on  
What am I waiting for?  
To all of the geniuses  
Come on, come on

You don't really need to know every last detail  
It's hardly worth telling  
It's suffice to say I said that I would be there  
I never came through
