Now we part our ways
This is the end of days
Our sun has had it's last down
Now I know this is our last goodbye

Tear my eyes out
Nail my tongue to the floor
Throw my heart out the door
This madness is killing us all
This is a warrior's call, baby
This madness is killing us all
This is a warrior's call

I'll make your eyes see
Make your hands bleed
Until you believe
This is the end
Now the black star is rising again
Again and again
Again and again
Again and again

We enjoy their lies
And expect to be saved
They promise they will behave
Their leadership is killing us all
This is a warrior's ca-ca-ca-call
Their leadership is killing us all
This is a warrior's call

I'll make your eyes see
Make your hands bleed
Until you believe
This is the end
Now the black star is rising

I'll make your eyes see
Make your hands bleed
Until you believe
This is the end
Now the black star is rising again

Again and again
Again and again
Again and again
