### "Get It Get It"

You need education  
Your superficial revelations  
Accept life's invitation go on and  
Get it, get it

Your soul  
Will sue  
Your life when your body dies  
42  
Enjoy your youth

Your soul  
Will sue  
Your life when your body dies  
42  
Enjoy your youth

All of our lives we just wait, wait, wait to die  
If I was a human I'd go and  
Get it, get it

Your soul  
Will sue  
Your life when your body dies  
42  
Enjoy your youth

Your soul  
Will sue  
Your life when your body dies  
42  
Enjoy your youth

Life's not worth pretending  
You shall make it grow  
Only by your daring dreams  
You can: get it, get it
